Agenda

Josi Hartley, Project Manager, Alaska Energy Authority

- **Introductions**
- **Alaska Energy Authority NEVI Plan Update**

Utility Roundtable 2024 Updates

- ❖ **Duff Mitchell**, Juneau Hydropower
- ❖ **Mark Henspeter**, Chugach Electric Association
- ❖ **Bri Gabel**, City of Sitka
- ❖ **Richard Brock**, Golden Valley Electric Association
- ❖ **Tom Atkinson**, Kotzebue Electric Association

Discussion questions if time allows:

- Is there anything you wish you would have known about deploying EVSE before you started?
- Is there anything utilities should be doing now to prep for this process, even if they don't plan to start construction for a year or two? (like ordering transformers, etc.)
- Is there anything consumers should understand from a utility perspective if they want to start the process of installing EVSE at their home/business?
- (For CEA/GVEA) Do you have any advice for other utilities who are newer to the NEVI program?
- Do you have any interesting EV programs for the communities that you serve?
- Are there any challenges that you think are unique to your area?
- Are there any advantages that you think are unique to your area?
