RE-VEEP Overview

- RE-VEEP is an expansion of the Village Energy Efficiency Program, which was established to help Alaska communities reduce per capita consumption and costs through energy efficiency.
- \$2.6 million in federal funding is available for sub-grants
- **Funding Sources**
 - Energy Efficiency and Conservation Block Grant (EECBG) Program (\$1.4 million)
 - State Energy Program: Bipartisan Infrastructure Law (\$1.2 million)

RE-VEEP Goals

RE-VEEP seeks to award sub-grants to finance **building-scale renewable energy**, **energy efficiency**, and **conservation** projects in public buildings and facilities in rural Alaska.

Administration Priorities:

1. Climate Change and Sustainability
2. Equity and Justice⁴⁰
3. Workforce Development, Job Quality and Wealth Creation

RE-VEEP Sub-Grant Awards

Sub-grants awarded are expected to:

- reduce greenhouse gas emissions,
- reduce total energy use,
- improve energy efficiency,
- enhance energy security,
- advance state-led energy initiatives,
- and increase energy affordability.
